

How to complete DPPF/what if I don't know what courses I can transfer.

Please make a list of all graduate-level courses you have taken prior to coming to MU. At the DGS' discretion, up to 18 credits can be transferred from your previous institution (or from your MA at MU), even if they are not in philosophy, but a cognate field. You should discuss with the DGS why these courses should count (providing evidence, such as a syllabus or a bulletin description).
