# WHY STUDY ABROAD?

## **Zoey Laipple, Studying Abroad at The American College of Greece - Fall 2022**

"Studying abroad is important to me because learning about different cultures/ways of living and getting out of my comfort zone helps me grow and become a better person. I am experiencing things I never could have in America, meeting people living worldwide. My study abroad award has helped me finance traveling while I am away in Greece. While I am in love with this country, I want to take every opportunity to visit other places and soak up everything I can. My award is the reason that I have booked upcoming trips to Rome, Italy, Madrid, Spain, and London, England. Here, I learn a million new things every day and am growing more than ever."
