

Spain

****You must check the appropriate Spanish consulate's website for updated information regarding visa applications. The requirements, fees and deadlines change frequently.**

These instructions are written for US citizens. If you are not a citizen of the US, please contact your study abroad advisor, as the process may vary significantly. Please remember, it is your responsibility to ensure that the appropriate visa or entry clearance is obtained.

1. **Students normally must apply for visas at the consulate with jurisdiction over his/her state of permanent residence.** Please refer to: <http://www.maec.es/subwebs/Embajadas/Washington/en/MenuPpal/Servicios%20Consulares/Paginas/Consular%20Services.aspx> to determine to which Spanish consulate general you should apply. *Each consulate has its own procedures for visa applications.* Read all directions carefully and do not assume that you will be required to send the same materials as a student applying through another consulate.
2. ***Be certain that you have ALL requisite materials, including copies,*** before applying for your visa. In general, consulates do not make exceptions and will deny your request if you are missing any of the materials.
3. Student visas usually must be applied for in person. ***An individual in the Office of International Education at Marquette University will facilitate the process by acting as a legal representative on behalf of any students within the Chicago consulate jurisdiction and take any visa application packets, in a batch, to the Chicago consulate.*** Please see number 7 below. If you do not choose or are not eligible to have your visa application processed with the group through the Chicago consulate, note that you will most likely need to appear in person (or may be able to designate a legal representative to appear on your behalf) to the appropriate consulate to both DROP OFF and PICK UP your visa application. Make sure you **call or e-mail your consulate** to find out if an appointment is needed.
4. If you are studying in Spain for the **entire academic year (or are even considering doing so!) you should obtain a three-month visa.** Within a month of your arrival in Spain, you should begin processing your student residency card and authorization to extend your stay until completion of studies. Students who are citizens of countries that do not have a reciprocity agreement with Spain must obtain their residency card BEFORE traveling out of Spain.
 - a. If you are studying in Spain for one semester and you are 100% sure that you will not be extending your stay to the full year, you should obtain a **six-month visa.** You will not have to do any other paper work upon your arrival in Spain.
 - b. If you would like to keep open the option to extend your stay to a full year, you should apply for a **three-month visa.**
5. For those documents needing notarization, at Marquette, you can find a Notary Public at Union Station or the Information Desk in the AMU. You will also usually find Notary Publics at a bank.

6. Please refer to the appropriate Consulate's website to determine the materials required to obtain your visa. Those working with the Chicago Consulate should visit <http://www.consulate-spain-chicago.com/> and may refer to the list below to assist them in collecting the necessary materials.

The list below is intended to assist you, but does not replace or take precedence over anything listed on the consular webpage.
