## Team Administration Falls to Finance in Softball Challenge

Administration took the field on Wednesday, August 16, and the team was pumped at their chance to gain control of the traveling trophy, which has been in the possession of the Office of Finance since the first softball challenge was made in 2003. But, it wasn't meant to be.

After Administration had a promising first inning and one run on the scoreboard, Finance began their domination of the game.

By the time the game was over, Finance had won, hands-down, 15 to 1.

After the game, both teams, and the fans who had watched the massacre, enjoyed a fine selection of tailgate food.

Todd Vicker rifles the ball to first to get an out, while Mike Kelly (student) looks on.

Art Scheuber lofts a high-arching pitch.

### In Memoriam

On Friday, May 25, Ann Mallinger, a reports coordinator in Information Technology Services, succumbed to cancer, a disease she had been fighting for many years.

Ann began her career at Marquette on June 18, 1969, in the Computer Services Division or CSD (now IT Services) when she was 27. While working, she found enough time to earn her degree in Arts & Sciences in 1988.

In addition to her work in IT Services, Ann devoted her talents to the Committee on Administrators, serving in Chair and Vice-Chair positions. Ann also provided IT training, which involved customized courses for students and employees on various computing topics.

Ann is survived by her father, Richard, her two brothers, Donald and Robert, and other family members and many friends, including Robert Worman, a former Marquette employee within CSD and a 1954 graduate of the College of Arts & Sciences. Ann's father also is a Marquette graduate, receiving his degree in 1938 from the College of Engineering. Her mother, Mary Rose, and brothers, Richard and James, preceded Ann in death.

Ann's friendship, her knowledge of IT Services, and her devotion to the staff and students at Marquette will truly be missed.
