CAREER SERVICES CENTER (Revised: AY 2014)
After participation in the Career Services program, the student is able to:

1. Integrate self-identified interests, skills, and values to determine at least three satisfying occupational characteristics.

2. Use appropriate resources to gather factual information about career fields of interest.

3. Evaluate information about self and career fields of interest in order to select top career fields.

4. Formulate one or more occupational target(s) based on satisfying occupational characteristics and information about top career fields of interest.
