SCHOOL COUNSELING  M.Ed. (April 2012)

At the completion of the counseling program in School Counseling graduates are skilled professionals able to:

1. Apply knowledge of bio-psycho-social-cultural foundations of behavior and evidence-based counseling approaches to diverse individuals and groups.

2. Apply professional, ethical, and legal standards to their counseling practices.

3. Assume advocacy roles for the mental health care of underserved individuals and groups in urban settings.

4. Integrate self-awareness, counseling roles and reflective practices into a professional counseling identity.

5. Lead the development and implementation of critical interventions of a Comprehensive School Counseling Program in culturally diverse, urban PK-12 schools.
