Provide an example of the program’s most interesting or important assessment finding that demonstrates the program’s success associated with a program learning outcome.

93% of students assessed in Campus Ministry programming have achieved or are progressing in meeting the experience outcomes. Students identify Campus Ministry initiatives as being important sources of support in their walk of faith.

Describe an assessment result that indicates an opportunity for improvement and identify the specific actions the program will take to improve student learning.

Our assessment data has identified the need to improve the way that we measure outcomes. We will strive to develop a new method for assessing that invites a higher percentage of participatory student responses.
