Provide an example of the program’s most interesting or important assessment finding that demonstrates the program’s success associated with a program learning outcome.

Our students consistently match at highly competitive pre-doctoral internships, complete their program in a timely manner, and successfully secure post-doctoral and employment positions upon graduation.

Describe an assessment result that indicates an opportunity for improvement and identify the specific actions the program will take to improve student learning.

In survey and personal reports, students have indicated feeling unprepared to manage the administrative and business aspects of the professional practice of psychology. To address this need, a new course has been developed and will be offered to students in the spring of 2011 entitled, “Administration, Leadership and Management in Clinical Mental Health Counseling Services.”
