Provide an example of the program’s most interesting or important assessment finding that demonstrates the program’s success associated with a program learning outcome.

Graduates of the program feel that the program is producing the desired learning outcomes and is preparing them for careers in the industrial, clinical, and consulting environments.

Describe an assessment result that indicates an opportunity for improvement and identify the specific actions the program will take to improve student learning.

The HTM faculty will continue to implement the plans agreed to during the previous assessment cycle to ensure that graduates are prepared to move into management positions.
