Provide an example of the program’s most interesting or important assessment finding that demonstrates the program’s success associated with a program learning outcome.

In our assessment, our psychology majors are doing a fine job mastering the objectives for content and research methods.

Describe an assessment result that indicates an opportunity for improvement and identify the specific actions the program will take to improve student learning.

We anticipate that some changes to the requirements for a psychology major that were made recently will produce continued improvements in the content areas.
