Provide an example of the program’s most interesting or important assessment finding that demonstrates the program’s success associated with a program learning outcome.

87% of our Ph.D. students met or exceeded the standards of our first two learning outcomes. 95% of our Ph.D. students met or exceeded the standards of our third learning outcome.

Describe an assessment result that indicates an opportunity for improvement and identify the specific actions the program will take to improve student learning.

Almost all of the low scores for the first and second learning outcome were due to one student. This was an anomaly.
