CAREER SERVICES CENTER (August 2006)
After participation in Career Services, the student is able to:

1. Understand the career development process.

2. Manage career choice and job search strategy based on interests, skills, values, and job market trends.

3. Engage in internships, co-ops, summer jobs, part-time jobs, leadership, volunteer, and service positions that facilitate career-related skill development.

4. Professionally communicate marketable skills developed from a liberal arts education to potential employers, graduate/professional program, or volunteer service.
