

Tuesday Seminar Schedule
Department of Chemistry
Spring 2009

Tue, Jan 13
Tue, Jan 20
Tue, Jan 27
Tue, Feb 3
Tue, Feb 10
Tue, Feb 17
Tue, Feb 24
Thurs. Feb. 26 Safety Meeting
Tue, Mar 3
Tue, Mar 10 *Spring Break*
Tue, Mar 17 Huang (Tran, Rathore)
Tue, Mar 24 Vyas (Yi, Wilkie)
Tue, Apr 7 Wanniarachch (Reid, Kincaid)
Tue, Apr 14 Modjewski (Donaldson, Yi)
Tue, Apr 21 Duri (Rathore, Ryan)
Thurs. Apr 23 Wang (Kincaid, Reid)
Tue, Apr 28 Wadumethridge (Tran, Wilkie)
Tue. May 12 VWR Seminar

Special seminar, Thurs, Apr 30:

Prof. Michael Ketterer, Dept. of chemistry, Northern Arizona University. "Plutonium in the environment: forensic and geochemical studies with mass spectrometry"

All graduate students are required to attend seminars on this schedule. The seminar chair will take attendance. Grading will be on an S/U basis. Two unexcused absences will result in a U grade. Notify the seminar chair if you must leave seminars early to fulfill TA responsibilities. The seminar chair will participate in grading of seminar presentations by the seminar committees. Students giving research meetings should consult with their advisor. Students giving a seminar must consult with their advisor for topic selection and then see the seminar chair for approval of the seminar topic. Submit a copy of the seminar abstract to the seminar chair on Thursday before the scheduled Tuesday seminar presentation. See the Graduate Student Handbook on the MU Chemistry website for seminar details. All presentations will be given in TW 121 at 12:00 noon unless a change is noted in the weekly bulletin or posted in the elevator.
