

Books in Print:

Bhatnagar, SC. (2005). Kannada version: ***Facts About Stroke and Aphasia: A Guide for Families of Patients with Stroke in India.*** New Delhi, India: Ratnasagar Publishers and Aphasia and Stroke Society of India.

Bhatnagar, SC. (2005). Urdu version: ***Facts About Stroke and Aphasia: A Guide for Families of Patients with Stroke in India.*** New Delhi, India: Ratnasagar Publishers and Aphasia and Stroke Society of India.

Bhatnagar, SC. (2004). Portuguese version: ***Neuroscience for the Study of Communicative Disorders (2nd. Edition).*** Brazil: Guanabara Koogan.

Bhatnagar, SC. (2001). ***Neuroscience for the Study Communicative Disorders (2nd Edition).*** Baltimore: Lippincott Williams and Wilkins

Bhatnagar, SC. (2004). Tamil version: ***Facts About Stroke and Aphasia: A Guide for Families of Patients with Stroke in India.*** New Delhi, India: Ratnasagar Publishers and Aphasia and Stroke Society of India.

Bhatnagar, SC. (2000). Hindi version: ***Facts About Stroke and Aphasia: A Guide for Families of Patients with Stroke in India.*** New Delhi, India: Ratnasagar Publishers and Aphasia and Stroke Society of India.

Bhatnagar, SC. and Andy, OJ. (1999). Japanese version of ***Neuroscience for the Study of Communicative Disorders (1st Edition).*** Tokyo, Japan: Ishiyaku Publishers.

Bhatnagar, SC. (1999). English version: ***Facts About Stroke and Aphasia: A Guide for Families of Patients with Stroke in India.*** New Delhi, India: Ratnasagar Publishers and Aphasia and Stroke Society of India.

Bhatnagar, SC. and Andy, OJ. (1997). Spanish translation (***Neurociencia: Para et Estudio de Las Alteraciones de la Communication.***) Barcelona, Spain: Masson-Williams and Wilkins.

Bhatnagar, SC. and Andy, OJ. (1995). ***Neuroscience for the Study of Communicative Disorders (1st Edition).*** Baltimore, Maryland: Williams and Wilkins.

Bhatnagar, SC. (1980). ***A Neurolinguistic Analysis of Paragrammatism.*** Edmonton, Canada: Linguistic Research Inc.

Books in Press:

Bhatnagar, SC. *Neuroscience for the Study of Communicative Disorders (3rd Edition)*. Baltimore, Maryland: Lippincott Williams and Wilkins.

Bhatnagar, SC. Japanese translation of *Neuroscience for the Study of Communicative Disorders.(2nd Edition)* Tokyo, Japan: Ishiyaku Publishers.

Bhatnagar, SC. and Padma, MV. *Clinical Neurolinguistics* (Contract Pending).

Chapters in Print:

Bhatnagar, SC. and Korabic, EW. (2005). Neuroanatomy and Neurophysiology of the Central Auditory Pathways. In Parthasarthy (ed) **An Introduction to Auditory Processing in Children**. pp 1-20. New York: Lawrence Earlbaum.

Bhatnagar, SC. and Mandybur, GA. (2005). Electrical Stimulation of Brain and Language. In K. Brown (ed) **Encyclopedia of Language and Linguistics**. England: Elsevier.

Bhatnagar, SC. (1989). Hindi Materials: A Control Subject. In L. Menn and L. Obler (Eds.), **Agrammatic Aphasia: A Cross-Language Narrative Sourcebook**. Vol. 3, pp. 1761-1773. Philadelphia: John Benjamins Publishing Company.

Perlman, M., Bhatnagar, SC., and Bright, W. 1989. Hindi Grammatical Sketch. In L. Menn and L. Obler (Eds.), **Agrammatic Aphasia: A Cross-Language Narrative Sourcebook**. Vol. 2, pp. 994-998. Philadelphia: John Benjamins Publishing Company.

Bhatnagar, SC. (1989). Agrammatism in Hindi: A Case Study. In L. Menn and L. Obler (Eds.), **A Grammatic Aphasia: A Cross-Language Narrative Sourcebook**. Vol. 2, pp. 975-993; 999-1011. Philadelphia: John Benjamins Publishing Company.

Bhatnagar, SC. (1984). Aphasia in the Indian Context: An Indigenously Developed Aphasia Test Battery in Hindi. **Continuing Medical Education Proceedings of the Neurological Society of India**. pp. 183-219. Banaras, India.

Research Articles in Print:

Bhatnagar, SC., Stuyvessant, SA., Mandybur, GT., Buckingham, HW. (2006) On Lexical Organization in the Human Brain: Evidence from Intracarotid Sodium Amytal Injection. *Acta Neuropsychologica* (), pp. 00-00.

Bhatnagar, SC and Mandybur, GT. (2005). Effects of Intralaminar Thalamic Stimulation on Language Functions. Submitted to *Brain and Language*, 92, 1-11.

Bhatnagar, SC., Jain, SK., Bihari, M., Bansal, NK., Pauranil, A., Jain, DC., Bhatnagar, MK., Maheshwari, MC., Gupt, M., Padma, MV. (2002). Aphasia Type and Aging in Hindi-Speaking Stroke Patients. *Brain and Language*, 83 (2): 353-361.

Bhatnagar, SC., Mandybur, GT., Buckingham, HW., and Andy, OJ. (2000). Language Representation in the Human Brain: Evidence from Cortical Mapping. *Brain and Language*, 74 (2), 238-259.

Bhatnagar, SC. and Silverman, FH. (1999). Communicating with Nonverbal Patients in India: Inexpensive Augmentative Devices. *Asia Pacific Disability Rehabilitation*, 10(2), 52-57.

Paper Presentations:

Bhatnagar, S. and Mandybur, G. (2005). Duration of effects of reticulo-thalamic (centromedianum) stimulation on language processing. *International Academy of Aphasia*. Amsterdam, Holland

Ontko, E., Gillespie, M., Bhatnagar, S. and Buckingham, W. (2005). A neurolinguistic analysis of neologism in reading. *International Academy of Aphasia*. Amsterdam, Holland

Kincaid, W. and Bhatnagar, SC (2004). Speech Pathology Training in China. *American Speech Language Hearing Association*. Philadelphia, PA.

Bhatnagar, SC, Stuyvessant, S, and Buckingham, HW. (2003). Lexical Organization in the Human Brain: Evidence from Intracarotid Sodium Amytal Injection. *International Academy of Aphasia*. Vienna, Austria.

Stuyvessant, S. and Bhatnagar, SC. 2002. Language-Lexical Recovery Following Sodium Amytal Testing. *American Speech and Hearing Association*. Atlanta, GA.

Bhatnagar, SC., Mandybur, GT., Silverman, FH., and Buckingham, HW. (2001). Stimulation-Evoked Dysfluency During Cortical Mapping. *International Academy of Aphasia*. Boulder, Colorado.

Bhatnagar, SC. and Mandybur, GT. (2001). Effects of Unilateral and Bilateral Intralaminar Thalamic Stimulation on Linguistic Processing. *International Academy of Aphasia*. Boulder, Colorado.

Bhatnagar, SC. and Mandybur, GT. (2000). Effects of Intralaminar Thalamic Stimulation on Linguistic Processing. *International Academy of Aphasia*. Montreal, Canada.

Bhatnagar, SC. and Mandybur, GT. (2000). Facilitatory Effect of Intralaminar Thalamic Stimulation on Linguistic Processing. *Clinical Aphasiology Conference*. Honolulu, Hawaii.
