

Come On Over... **to Jane & Kidd in the Morning!**

99.1 WMYX, seeks an inspired intern to help assist with day-to-day operations on Milwaukee's fastest-growing morning show, "Jane & Kidd in the Morning."

The basics: we'll ask for 8-10 hours of your time a week to help prep the show, work with the talent and producer, and follow up on show topics. The hours are early, but this is a fun, interactive show that will make waking up early EASY!

Unfortunately, this is an UNPAID internship, and it is NOT an on-air position. You'll need to take this internship FOR CREDIT at your college or university. (We'll work with your advisor to make sure all the paperwork gets filled out!)

And like with our past interns, other part-time and full-time PAID positions may present themselves once you have your foot in the door—the sky is the limit! Plus, you'll be having a blast at the best radio environment in Wisconsin. A

And if you're good, Kidd buys donuts.

If you can handle this with a great attitude—and then ask for more, we want to hear from you!
