

MU Career Manager

414.288.7423 ■ career.services@marquette.edu ■ www.marquette.edu/csc ■ Holthusen Hall, 1st floor

MU Career Manager is the on-line career management tool for Marquette University students. The system allows students and alumni access to

- Job, internship, and co-op postings
- On-campus interview schedules
- Employer research and directory information
- Career fair information and employer listings
- A resume posting database, searchable by employers

You can create an account with MU Career Manager by visiting the Career Services Center's website

www.marquette.edu/csc

and clicking the MU Career Manager link on the toolbar or the large green box on the right. You will create a personal profile and upload a resume in this process.

Your account will be temporarily placed in a holding bin after you submit your resume. Your resume must first be reviewed and approved before you can access the system. Career counselors from the Career Services Center monitor MU Career Manager, review all resumes initially uploaded into the system, and provide students and alumni with feedback on their resume. You will be granted full access to MU Career Manager after your resume has been accepted by a member of the Career Services Center staff.

You may also visit the Career Services Center in person to create an account with MU Career Manager, especially during daily walk-in hours.

Note: Students and alumni who had accounts with MU CareerTRAK had their accounts transferred to MU Career Manager in June 2007. These individuals need to activate their accounts with MU Career Manager by logging on with their CareerTRAK user name and password, updating their profile, and uploading a current copy of their resume. Please visit or contact the Career Services Center for assistance with this process.
