Web-based Learning Objects

Jorum Open  http://www.jorum.ac.uk/ - Through Jorum, you can find, share and discuss learning and teaching resources, shared by the UK Further and Higher Education community. As JISC’s national learning and teaching repository service, Jorum is now focusing on being a fully open repository for learning and teaching resources. This focus on Open Educational Resources (OER) translates into teachers (and learners) having greater access to learning and teaching materials.

Kahn Academy - http://www.khanacademy.org/ - With a library of over 2,400 videos covering everything from arithmetic to physics, finance, and history and 150 practice exercises, we're on a mission to help you learn what you want, when you want, at your own pace.

Shordor - http://www.shodor.org/ - a national resource for computational science education
