Dear New Marquette Student:

Congratulations and welcome to Marquette! We are excited to have you join us here at Marquette.

Marquette University has joined together with many of the other top schools in the country in adopting AlcoholEdu for College. As part of our alcohol prevention program, each entering Marquette student is required to complete AlcoholEdu for College – an online, non-opinionated alcohol prevention program. The course uses science-based research to educate students about alcohol and its effects. The course has two parts, both of which must be completed to fulfill this requirement. Whether you drink or not, AlcoholEdu for College will empower you to make well-informed decisions about alcohol and help you better cope with the drinking behavior of your peers.

Here are the details and important deadlines:

- You must pass (minimum of 75%) Part 1 (Modules 1-4 as well as two surveys and two knowledge tests) of the course no later than **September 22, 2011**. Part 1 of the course takes approximately 3 hours to complete, and we recommend that you take it in multiple sittings.
- Approximately 45 days later, you will receive an automated email asking you to complete the course. At this time, you will need to log in again to complete Part 2 (Module 5 and the final survey). Part 2 must be completed on or before **November 24, 2011**.

Please note that the course includes three surveys that measure student' alcohol-related attitudes and behaviors. All survey responses are strictly confidential; Marquette University will only receive information about the student body as a whole and will never see individual students' answers.

To take the course, you will need a computer with Internet access and audio capabilities. If you do not have a computer, use any publicly available computer with Internet access.
