

Memorandum

To: The Division of Student Affairs

From: Chris Miller
Vice President for Student Affairs

Subject: Search for the College of Arts and Science Dean

May 6, 2010

You may be hearing rumors regarding the recent search for a Dean of the Helen Way Klinger College of Arts and Sciences.

As student affairs professionals, our first duty is always to our students, helping them not only to stand up for justice, but also to discern the best course of action through critical thought and evaluation. My expectation is that you do so in a professional matter as ambassadors of the university.

The Office of Marketing and Communication will issue talking points regarding this matter, which will be shared with you as soon as possible. If you have additional questions or thoughts, please speak to your supervisors. Particularly at the end of the term as emotions run high, your support and care of our students is valued by the university as a whole.
