

Diabetic? Sign up for extra dental benefits

If you're one of the more than 20 million Americans with diabetes, it's important to pay special attention to your oral health. Prevention and early treatment of gum disease can actually reduce the severity and complications of diabetes, and help your condition.

Our dental plan now offers extra benefits for persons with diabetes, as well as for persons who have had periodontal surgery, and women who are pregnant. Sign up today at www.deltadentalwi.com, or call Delta Dental of Wisconsin at 800-236-3712 for more information.

Delta Dental believes *everyone* deserves a healthy smile.
