Marquette University offers, at no cost to you, a travel wrap-around network called the Private HealthCare Systems network (PHCS). This network should be used only when you are seeking coverage when traveling outside of Wisconsin. If you see a PHCS provided your medical services will be paid in-network.

Go to **www.phcs.com**. Under Health Plan Members, **click search for a provider**. You will be directed to a welcome page. After reading the PHCS disclaimer and agreeing to the PHCS provisions, **click search on-line**. Next, step one will ask you to **provide a physician or hospital name**. Step two will ask you to **choose a network, select Healthy Directions**.

If you find an in-network provider, you should always print the information you find.
