What Can I do for You?

As a first year student at Marquette you have not seen any one quite like me! I would bring all sorts of excitement in the direction of RHA just as I have with Mashuda's Hall Council. I would fit like a glove in the position of National Communications Coordinator, because being energetic and enthusiastic is what I do best!

The position entitles one to lead others with liveliness, which I am great at. A leader that would be incredibly vibrant! I would motivate everyone on the staff. When you are around me I can always brighten your day! Not just you the individual, but an entire crowd. I love to get people off of their feet and make them feel like they belong. I love to get people excited about upcoming events or the little things that happen just amongst the group. I would always be there to cheer RHA on!

I love people and they love me. RHA would be a fantastic opportunity to meet people! I think that every new friend you make is a great addition to yourself. RHA has such amazing people on its staff that I would have so many great additions to my personality I would not know what to do with them all. RHA members would obtain some awesome personality traits that I carry myself!

Even though the position I am running for is very exciting and involves heaps of energy, I know when to get business done and to be serious. I would never let RHA down! I would always be on time and get things done on time. I love to be busy it keeps my life going at a steady pace. I like to make fun out of stressful situations, so I would always be there to perk up the groups mood if we are running close to a deadline or a

major event! I love when we near close to a deadline in hall council, because I make everyone get into a good mood!

I am so creative too!! Joy is brought into my life when I get to be creative! I love Hall Council right now, because we get to think of fun events and how we want to go about those events! Yearbook was also a great opportunity for me to really let loose on creativity! I have so many amazing ideas that come easily, you don't know what you would be missing!

Without me as your National Communications Coordinator you will be truly missing out! I have so many great qualities to bring to you staff that it will never be the same after you have me! I love Marquette and I love to be involved, I just figure it as one more way for me to attribute my great qualities to an amazing group of people!
