The McCormick Inclusive Leadership CommUNITY is a living/learning program open to all freshman students of any racial, ethnic or cultural background. To be considered for participation in this program, which gives you an opportunity to interact with and learn from students of other cultures in an environment that is accepting of all people, you must complete this agreement. You should submit this agreement, along with a housing application, to the Office of Residence Life. Space in this program is limited and will be filled by students based on the date they submit this agreement. If you are not selected for participation in the McCormick Hall Inclusive Leadership CommUNITY, the Office of Residence Life will do its best to accommodate the housing preferences indicated on your housing application.

Experience with or exposure to diverse cultures is not required. Prerequisites for membership in CommUNITY are an interest in and a desire to learn about other cultures and a willingness to embrace new experiences.
