Global Health Symposium

Friday Sept. 30
Raynor Memorial Libraries
Beaumier Suites

Join us for a day of exploring:

• Global health through a social justice lens
• Marquette’s ethos and philosophy on global health research and delivery
• How technology can empower the clinical outreach effort
• Integrated approaches to clinical and technical health
• Educational methods for train the trainer programs
• Constructing sustainability through interdisciplinary research and action
• Marquette’s global health research and delivery in the context of Milwaukee’s global health initiatives
