Statistics include all full and part-time enrolled students.

Please note that in fall 2011, OIRA changed the definition of FTE in this report to be consistent with how FTE is typically calculated. Marquette considers graduate students with 7 or more credits full-time; however, the federal definition for graduate students is 9 or more credits. This change has the effect of reducing the FTE compared to the previous methodology.

Full-Time Equivalency (FTE) is the sum of the number of full-time, enrolled students and one-third the number of part-time students. Full-time undergraduate and professional students are those enrolled in 12 or more credits hours in a semester. Full-time graduate students are enrolled in 9 or more credit hours in a semester. FTEs are rounded to the nearest integer; subtotals may not equal the sum of the categories due to rounding.

Effective fall 2010, the U.S. Department of Education required all colleges/universities to change the way race/ethnicity data is collected and reported. Prior to fall 2010, ethnic minorities include "Black or African American," "American Indian or Alaska Native," "Asian or Pacific Islander," and "Hispanic/Latino." Starting in fall 2010, ethnic minorities include "American Indian or Alaska Native," "Asian," "Black or African American," "Hispanic/Latino," "Native Hawaiian or Other Pacific Islander," and "Two or More Races."

The College of Education was created in fall 2008.

Professional Health Sciences represents students enrolled in the Doctor of Physical Therapy program.

Professional Nursing represents students enrolled in the Doctor of Nursing Practice program, first offered in fall 2008.
