Contribute Documentation:  
Document Title

The document title is a very important element in html, as it defines a title in the browser toolbar. It displays a title for the page in search-engine results, as well as providing a title for the page when it is added to favorites.

**Step 1:** Open Contribute. Click on Edit Page:

![Edit Page](image1)

**Step 2:** To change page title to the page, on the top menu bar, go to Format and click on Page Properties:

![Page Properties](image2)

**Step 3:** You should also add your department name and Marquette University between the “|” (pipe) symbols if it is not listed here:
