Will your writings be available in the future?

They should be!

They will be if you donate a copy to University Archives.

University Archives encourages faculty and staff to donate copies of recently published work to its "MU Writes Collection," an archive of the university's scholarly achievements in both print and electronic forms.

The Department of Special Collections and University Archives maintains "archival copies" for future generations.

Help University Archives make the collection as comprehensive as possible by submitting your publications to Archivist Matt Blessing, 414-288-5901, matt.blessing@marquette.edu. In addition, faculty and staff can notify the archives of recent book publications so that a copy can be purchased for the collection.
