

I am writing to recommend Miracle Faller for Executive Vice President in Residence Hall Association. Working with Miracle in RHA has been a wonderful experience all year. She has a great work ethic and is always willing to help on any project, whether or not it is her direct responsibility. Even as a general body member she has been able to rise to a leadership position within her hall and RHA as a whole. Watching her from my position has made me so proud of her and excited to see in the future of everything she will accomplish.

One of Miracle's best qualities is her ability to always contribute something to whatever she is involved in at the time. She always has new ideas and perspectives. For example, while serving on the Greater Than One committee, Miracle used what she had learned at a recent leadership conference to suggest a new activity to include at the event. She created the concept and led people in coming up with questions and it ended up being a on of the best parts of the program as a whole. I believe this type of leadership will be a huge component of her success in the EVP role.

Miracle's commitment to anything she is a part of is only one of the many reasons she is a great candidate. She constantly strives to make Marquette a better place for everyone and believes in the power of one person to make great change. Her passion for helping others in any way she can would enable her to excel in any position, especially one as EVP.

Sincerely,

Abbey Karpick

RHA VP of Marketing
