**NOTICE:
LIMITED BENEFITS WILL BE PAID WHEN OUT OF NETWORK
PROVIDERS ARE USED.**

You should be aware that when you elect to utilize the services of an out of network provider for a covered service, benefit payments to such out of network provider are not based upon the amount billed. The basis of your benefit payment will be determined according to your policy's fee schedule, Usual and Customary Charge (which is determined by comparing charges for similar services adjusted to the geographical area of the locality of the policyholder). **YOU RISK PAYING MORE THAN THE COINSURANCE, DEDUCTIBLE AND CO-PAYMENT AMOUNT DEFINED IN THE POLICY AFTER THE PLAN HAS PAID ITS REQUIRED PORTION.** Out of network providers may bill enrollees for any amount up to the billed charge after the plan has paid its portion of the bill. Participating providers have agreed to accept discounted payment for covered services with no additional billing to the enrollee other than co-payment, coinsurance and deductible amounts. You may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll free telephone number on your identification card or visiting www.uhcsr.com.

Privacy Policy

We know that your privacy is important to you and we strive to protect the confidentiality of your nonpublic personal information. We do not disclose any nonpublic personal information about our customers or former customers to anyone, except as permitted or required by law. We believe we maintain appropriate physical, electronic and procedural safeguards to ensure the security of your nonpublic personal information. You may obtain a copy of our privacy practices by calling us toll-free at 888-302-6182 or by visiting us at www.uhcsr.com.

Eligibility

All domestic and international students taking 6 or more credit hours (or program equivalent as defined by college or university), graduate students, students in accelerated programs, and ESL and ELP students are eligible to enroll in the Basic Benefits of this insurance plan.

All insured students may purchase \$35,000 of Major Medical Benefits Per Injury or Sickness (Option I) or \$235,000 of Major Medical Benefits Per Policy Year (Option II) on an optional basis.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, Internet, and television (TV) courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the spouse or Domestic Partner and unmarried children and grandchildren under 19 years of age who are not self-supporting. See the Definition section of the Brochure for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student.

Optional Coverage may only be purchased simultaneously and in conjunction with the purchase of Basic coverage at the time of initial enrollment in the Plan. Students may purchase optional coverage for themselves or for themselves and all family members.

Effective and Termination Dates

The Master Policy becomes effective August 1, 2009. The individual's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates July 31, 2010. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as follows provided the condition continues: 1) under the Basic Plan, not to exceed 90 days after the Termination Date; or 2) under the Major Medical Plan, not to exceed 12 months after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

“Transitional treatment arrangements” means services, as specified by rule by the Commissioner, for the treatment of nervous or mental disorders or alcoholism or other drug abuse problems that are provided to an Insured in a less restrictive manner than are inpatient Hospital services, but in a more intensive manner than are outpatient services.

As specified by the Commissioner by rule, the following are considered covered services and programs for Transitional Treatment Arrangements:

Residential treatment programs are therapeutic programs for alcohol and drug dependent persons. They include therapeutic communities and transitional facilities.
