New Web Sites for Theology Majors and Minors

The web site of the Theology Undergraduate Program now features two new student testimonial web pages. Former majors share their experiences exploring theology at Marquette, and how it has affected their work in the world. To read written testimonials, click here. To view video testimonials, click here.

Our theology minor now has a dedicated web page. The theology minor is a popular academic program choice for students who would like to pursue their theological interests, but cannot fit in the courses required for a major. To visit the Minor in Theology web site, click here.
