**CrossFit at Marquette**
CrossFit combines the best elements of weight training, bodyweight calisthenics, and short bursts of cardio to achieve a generalized fitness that improves a wide range of physical attributes: cardio, stamina, flexibility, strength, speed, power, agility, accuracy, coordination and balance. No two classes are ever the same! Incorporation of progressions and exercise modifications make CrossFit classes accessible to almost all physical fitness levels. The camaraderie and shared experience of intense workouts helps to fuel motivation and results. This class will be taught by Ryan Atkins from CrossFit Milwaukee. Two days/week minimum. Register for a session

**Pilates Mat**
Pilates Mat teaches awareness of breath and alignment of the spine utilizing the deep torso muscles of the core. This class focuses on working the core muscles to develop strength, flexibility, endurance and coordination. Each individual can progress at their own pace with the use of modifications, rings, and balls, which can provide more or less intensity. Register for a session

**Spinning**
An indoor cycling class designed to get your heart pumping no matter what your fitness needs. Whether you need a non-impact class that will help you build cardiovascular endurance, or you just love cycling and want a great workout, this is the class for you. Register for a session

**Therapeutic Yoga & Meditation**
Drawing from the Integrative Yoga Therapy approach to wellness, this class combines yoga with modern holistic (mind-body-spirit) health practices. Participants are invited to integrate basic yoga postures, breath awareness, and optional meditation at the end of class. Ideal for beginners and intermediates looking to take time out of their busy schedules for relaxation and reconnection with themselves. Register for a session

**Total Body Conditioning**
This class will combine cardio, strength, and core training for a total body conditioning class. Modifications will be given. All fitness levels welcome. Register for a session

**Yoga**
Yoga refers to the practice of physical postures or poses and is the union between mind, body and spirit. By doing this practice you are creating balance in the body through developing both strength and flexibility. The class will also combine the breath with each pose to take you off the mat and into everyday to help you deal with life situations. Mats provided or you can bring your own. Register for a session
