I. Minutes  
The minutes from the January 18, 2017 meeting were approved

II. Announcements and Information  
A. Brief introduction to new member, Lauriann Klockow, College of Health Sciences, who will replace Don Neumann.

B. John Su had a conflict and was unable to attend and report any matters from Provost.

C. The committee agree that we have narrowed down to 4 and dropped IOTA-360 program for consideration because it did not offer more than MOCES already has.

III. Continuing Business  
A. Presentation and Q&A on IDEA Program  
1. IDEA  

Jerry Anderson and Shannon LaCount presented the IDEA program. They presented both the IDEA which is the instrument for the survey and Campus Lab which is the platform and service that comes with it. They discussed the possibility of using adjusted scores instead of raw scores for courses. Some of these questions in the IDEA survey will be used to adjust the raw scores. For example, they discuss if someone ranks you low, yet the student did not put effort in the course, the score will be adjusted. IDEA can be used both for summative and formative purpose due to its real-time feedback. It is a good instrument for new faculty, new materials or to be used over time.

2. Discussion on IDEA by Alix and Crystal  

Alix and Crystal discuss previous experience of Campus Lab with other software that Marquette has used. They will look into the possibilities of using only IDEA and not Campus Lab or check with any campuses using only IDEA. The faculty discussed the issue and validity of adjusted raw scores.
IV. New Business
   A. Recommend that faculty set aside class time for teaching assessment. Dan will draft a short note to be circulated to all faculty from the Committee on Teaching.

V. Adjournment
   The meeting was adjourned at 5:00 pm.
