9. Describe any unique qualities and/or training that will help you be an effective leader of the board:

My most unique quality is my diverse background and ongoing connection to MU at various levels. My experience as a student-athlete gave me a unique perspective of student life at MU. Through my role as MU parent, I have a different, and also more contemporary understanding of MU student as well as parental concerns. My experiences as graduate student, postdoctoral fellow, and faculty member in higher education, although not at MU, affords me insight into the needs and concerns of MU faculty and trainees. All of these varied experiences allow me to envision new ways in which our alumni base might be able to assist these critical MU stakeholders in their missions for the benefit of MU as a whole.

10. State your vision for MUAA and what you hope to accomplish as president of MUAA:

My primary goal will be to help our MUAA board find new and effective ways to keep our alumni base connected and engaged with Marquette since that is basis for everything that we do. We need to have varying strategies because of our diverse alumni base but the common denominator will always be what we all have in common, that...WE ARE MARQUETTE!
