 - [Minor in Criminology and Law Studies](#)
 - [Minor in Sociology](#)
 - [Minor in Social Welfare and Justice](#)
- [Minor in Theology and Religion](#)
- Individualized Interdisciplinary Major or Minor
 - Students for whom particular interests may be better served by a flexible grouping of courses from several areas can create an individualized interdisciplinary major or minor. Examples of self-designed majors or minors include Arabic Studies, Italian Studies, Global Ecology and Middle Eastern and North African Studies. Students should consult the college office regarding the creation of the individualized major or minor, and to acquire the guidelines and the form that must be submitted. The student must work with a faculty adviser in their area of interest. With this adviser, the student will write a proposal explaining the relationship between educational objectives and the choice of an interdisciplinary major or minor, as well as develop a list of courses to be included with the sequence in which they will be taken. Two letters of recommendation are required: one from the faculty adviser, and the second, from a faculty member that is familiar with the student's academic work. Such proposals, as well as any subsequent modifications, must be approved by the college's associate dean.

● COLLEGE OF BUSINESS ADMINISTRATION

- [Minor in Business Administration](#)
- [Minor in Innovation and Entrepreneurship](#)
- [Minor in Human Resources](#)
- [Minor in Information Technology](#)
