

BRIDGE TO BUSINESS FOR ENGINEERS

Sponsored by Zurn Elkay Water Solutions

BRIDGE TO BUSINESS FOR ENGINEERS IS A SIX-DAY NON-CREDIT PROGRAM GIVING EARLY-CAREER ENGINEERS BUSINESS FUNDAMENTALS REQUIRED TO BE SUCCESSFUL.

The program is a unique collaboration between Marquette University's College of Business Administration and the Opus College of Engineering. The faculty of both colleges, along with members of the local business community, have designed a curriculum focusing on key touch points between engineers and other functions across the business. Participants experience a mix of classroom and real-world learning opportunities to become more effective in their current and future roles.
