

CURRICULUM VITAE

Brief Biography

Terence T. Ow is an Associate Professor of Information Systems in the Management Department, College of Business Administration. He is a recipient of the John P. Raynor, S.J., Faculty Award, Marquette University highest honor for Teaching Excellence. He was inducted as an honorary faculty member of Alpha Sigma Nu, Jesuit Honor Society for his dedication to the Jesuit ideals of scholarship, loyalty and service at Marquette University. Dr. Ow completed his PhD. in Business at the University of Wisconsin-Madison. He was previously a faculty at the Wisconsin School of Business, University of Wisconsin-Madison and Mendoza College of Business at University of Notre Dame.

His research focuses on the effects of information technology on individual or organization performance, auction behavior in electronic markets, and also executive decision-making in information technology. His research has been published in information systems and management science journals including *MIS Quarterly*, *Journal of Operations Management*, *Communications of the ACM*, *Decision Sciences*, *Electronic Commerce Research and Applications*, *Journal of Organizational Computing and Electronic Commerce*, *INFORMS Journal on Computing*, *Fuzzy Sets and Systems* and *European Journal of Operational Research*. He also served as Associate Editor for a special issue in *Electronic Commerce Research and Applications* journal on electronic market and as the co-Associate Program Chair for 2014 Annual Meeting of Decision Sciences Institute, Tampa, FL.

He has taught both undergraduate and graduate courses such as IT strategy, systems analysis and design, database management systems, introductory course in IT, java programming, emerging technology, web applications development using PHP and MySQL. Every student that has taken his introductory course in IT is engaged in a semester-long rigorous service learning project to design and create a much needed database solution to local service organizations. His courses have created database systems for more than 100 social organizations in Milwaukee to streamline and automate the organization's activities. He takes pride in his innovative teaching to provide an enriching learning experience for his students both at Marquette University and previously at University of Notre Dame and University of Wisconsin-Madison. He remains in close contact with many of his former students.

He is also a recipient of the Miles Teaching Fellow, College of Business Administration and was the recipient of the Faculty Advisor of the Year for Marquette University in recognition of his involvement with the IT Student Organization (ITSO) and student engagement. He was a member of the steering committee for the Wisconsin Entrepreneurs' Conference 2009, served as a member of technology task force for United Performing Arts Fund 2009-2012. He has presented at Kohl's Corporate on retail challenges and transformation enabled by technology. He has also been cited in Milwaukee Journal Sentinel and BizTimes Magazine of Milwaukee on topics such as mobile banking, mobile technology and internet access for the consumers.
