Marquette's EMBA program offers a premium experience for professionals looking for the opportunity to complete their graduate degree with other seasoned leaders in an accelerated 17-month format, with class meetings every other Saturday. Faculty leverage applied learning practices and technology within a curriculum grounded in the Jesuit tradition of academic excellence and designed to be a transformational educational experience essential for today's students. Marquette's program is flexible and challenging while providing the ethics, competitive edge and relationship-focus of a Marquette degree that carries value and brand recognition regionally and nationally.
