## GRADUATE SCHOOL OF MANAGEMENT

### FROM THE DEAN

[Graduate School of Management website](#)

Welcome!

**The Graduate School of Management is dedicated to building self-aware leaders with character.** Leadership is the application of knowledge to inspire and influence and accomplish an objective. Knowledge is both curriculum based and non-curriculum based; our curriculum has four levels of learning where we teach our students to **analyze, decide, integrate** and **lead**. To solve complex dynamic problems we need to have the quantitative analysis skills to analyze problems
