Student Action

A temporary hold has been placed on your records. Current Department of Education (DOE) regulations specifies disclosure requirements for all certificate programs. Under the disclosure requirements, the University must provide current and prospective students with information about gainful employment in a recognized occupation related to the certificate program of interest. DOE guidelines require us to obtain a written signature from all certificate students prior to registration each semester.

Review, sign and return this form to the Graduate School of Management. Once received, the registration hold will be removed and you will become eligible to register.
