Marquette University’s online MBA typically is a 28-month, fully-online MBA program for working professionals who take 2–3 classes per term each fall, spring and summer. Same great faculty, same curriculum, with more convenient delivery.

The total program is 31.5–42 credit hours depending upon a student’s undergraduate background. Students with an undergraduate degree in business will take a slightly different path the first two terms and may finish the program sooner.

The admissions standards and process are the same for the online program as it is for our traditional MBA program. We do not require work experience, but it is highly recommended.

For students with undergraduate business background (i.e., have completed appropriate classes in Information Systems, Marketing, and Supply Chain):
