Graduate Accounting Internship Requirements
Steps for International Students

Student Eligibility
To earn MSA ACCO elective credit, students need to be accepted to and enrolled in the MU MSA program.

- Students who complete a bachelor’s degree in Accounting at MU and who continue immediately to the MU MSA program, may use the internship (following undergraduate graduation) as a MSA course.
- International graduate students must be registered as full-time MU MSA students for a full academic year (registered for a fall and a spring semester) and have completed at least 14 GSM credits prior to an off-campus internship start date.

Position Eligibility
- Positions with work responsibilities equivalent to those of a first year full-time employee will be considered for accounting elective credit.
- Students who secure an internship outside of Accounting Internship Early Recruitment processes should submit the internship job description, proof of a competitive selection process and a statement from the company committing to provide a written intern evaluation. Accounting Internship Early Recruitment students may skip this step as MU has these details.
- Employment is Full Time, Approximately 400 Hours

Internship Requirements: Work Hours & Assignments
During and Following Completion of Field Work
- Complete online internship reporting form: https://tinyurl.com/y8eubyyq
- Submit biweekly timesheets of activity during field work.
- Upload employer-provided performance appraisal to D2L.
- Register in the appropriate ACCO course(s) to earn elective credit (courses described below).
- Complete 10 page paper answering specific internship questions
- Make a research presentation on the assigned case study.
- Write an additional 5 page paper on an issue encountered during internship fieldwork.

Earning Academic Credit
International students will need to complete two steps to apply for internship credit:

1. Complete the “Accounting Internship Approval Form” (available on the GSM forms website) for the appropriate course for the semester when you are interning. Students should complete all sections of the approval form except “for GSM Use.” Courses are described in the “course options” section below.
2. Complete CPT or OPT paperwork with your employer, Michael Browne, OIE staff and Ms. Nelson of the GSM.

All internships must be approved and forms must be completed (including CPT or OPT forms for international students) with required signatures prior to the start date of the semester: no exceptions.

Course options:
- ACCO 6986: 3-credit internship with a 3-credit tuition cost. May be taken in summer, fall or spring. Registration in this course will result in part-time registration status.
  - Section 101: Course is designed to continue past the end of the term. Student will initially receive an IC grade and have until a designated date to complete paper and presentation requirements, at which time the IC grade will be changed to a letter grade.
  - Section 102: Course is designed to be completed and graded (including paper and presentation) by the end of the semester.
- ACCO 6987 (fall/spring only): 0-credit course (with no tuition charge), followed by a 6988 a 3-credit course (with a 3-credit tuition charge). During the semester of 6987 enrollment, the student is labeled as a full-time MU student and is eligible for financial aid. Students may not register for additional courses during the semester of
6987 enrollment. ACCO 6987 is graded as satisfactory/unsatisfactory. **ACCO 6988**: 3-credit course required in the semester immediately following completion of 6987. Students receive a letter grade in 6988 based on completing the 10-page internship paper, case study presentation and 5 page “issue encountered’ paper. To comply with CPT requirements, international students must enroll in ACCO 6988 in the semester following enrollment in ACCO 6987.

**Steps & Deadlines**
- **Signatures**: Students should complete the “Request for Curricular Practical Training” (CPT) form (including the employer signature) and bring this form with the “Accounting Internship Approval Form” and job description to Michael Browne for his signature. (If you are not able to visit your employer, a scanned or faxed copy of their signature on your CPT form will be acceptable.)
- **Visit the GSM**: Students should bring forms with Michael Browne’s signature to Cheryl Nelson in the GSM.
- **Visit OIE**: After GSM processing, Ms. Nelson will contact you so you may take the CPT form to OIE. OIE recommends completing the CPT form at least 1-2 weeks in advance of your internship start date. Completing the process even earlier is preferred. **OPT**: If you plan to use Optional Practical Training work hours for your internship, please contact OIE at least 60-90 days prior to the start of your internship.
- **Important**: Complete OIE forms in advance. *Students may NEVER start employment of any sort (OPT/CPT) before receiving official CPT authorization from OIE or a valid Employment Authorization Document from the US immigration service for OPT.
- **Enrollment**: Ms. Nelson will share a permission number for the appropriate accounting internship course. Students must register for the internship course by the registration deadline. Failure to register will cause the student to forfeit the internship opportunity, academic credit and will result in being out of visa compliance.

**Off-Campus Work Authorization**
Completion of curricular practical training (CPT) paperwork should accompany your ACCO 3986 or 3987 enrollment. This paperwork must be completed prior to your first day of work. For successful completion of the internship, you will be awarded 3 ACCO elective credits through enrolling in ACCO 4986 during the fall semester following your internship. ACCO 4986 will count toward your credit load. Permission numbers will be distributed prior to the fall semester.

**Considerations for MSA Students Who Completed an Undergraduate Accounting Degree at MU**
Please remember that to be eligible for CPT or optional practical training (OPT), students must be enrolled full-time in the MU undergraduate OR graduate accounting program for two full-time semesters (fall + spring or spring + fall). **If you entered the MU MSA program one semester prior to your internship, you will not have been enrolled in the MSA program for two semesters and will not be eligible for CPT or OPT.** As you are considering applying for winter vs. summer internships, please abide by this CPT/OPT eligibility guideline.

Please also consider how the timing of an internship could impact your OPT eligibility (1) should you earn a full-time offer and (2) based on different firms’ full-time start dates. While there is not a guarantee that an internship employer will offer a full-time position, students certainly want to be prepared and eligible to work if an offer is extended. Most firms offer full-time start dates in summer or early fall. Some firms offer start dates in January. A student who completes his/her accounting undergraduate degree at MU typically needs two full-time semesters to complete the MU MSA program. If the student completes the fall + spring (or spring + fall) semesters required for CPT or OPT eligibility, followed by an internship, (1) the student may have fulfilled MSA requirements or (2) there may be only one semester of coursework needed to complete the MSA requirements following the internship. Please consider different program completion timing would align with different firms’ full-time start dates and the OPT eligibility rule that students may not accrue more than 90 days of unemployment following the program completion date.

Internship Director: Mr. Michael Browne • Michael.Browne@marquette.edu • (414) 288-3729
