An approved internship is also required to complete an Operations and Supply Chain Management Major.

A minimum GPA of 2.000 must be earned in all College of Business Administration courses taken at Marquette University. A grade of C or higher must be earned in each of a student's major courses, including the core courses introducing the major. Credit is never given twice for the same course, with the exception of different sections of variable topic courses.

Students can complete OSCM 4986 OR OSCM 4989: Operations & Supply Chain Mgmt Internship for Credit, but it will not count towards one of the three major electives.
