- Typically taken: Junior or Senior
- Typically offered: Variable

ACCO 4050 (Disco. Tier: Expanding Our Horizons) is the approved Information Systems course within the Business Core Curriculum for ACCO majors, in addition to the courses listed on this document. Students double majoring in ACCO and INSY, but pursuing a career in Information Systems are able to take INSY 3001 instead of ACCO 4050. However, students who plan to take ACCO 4170 Auditing are required to take ACCO 4050. Please reach out to the Chair of the Accounting Department with questions.

Students are also required to take BULA 3001 (WRIT/Disco. Tier: Basic Needs and Justice) as part of their Accounting degree requirements.

Students can complete ACCO 4986: Internship for Credit: Grading Period or ACCO 4989: Internship for Credit: Work and Grading Period, but it will not count towards one of the ACCO major electives. A maximum of 10 credits of internship credit can be earned. Two 3-credit internships, a maximum of one in any discipline, may be applied to the bachelor of science in business administration degree requirements. With approval of a winter Accounting internship, a student may be eligible to earn 6 credits of Accounting internship credits; 3 of which can go towards business administration degree requirements, and 3 which will not fulfill any degree requirements. Any 1-credit internship does not fulfill any degree requirements.

ACCO majors can count up to nine credits of coursework at a graduate course level. Visit Advising Central for more information; requirements do apply. Students must get approval of both the instructor and department chair in order to submit to the graduate school of management for final approval.

A minimum GPA of 2.500 must be earned in all College of Business Administration courses taken at Marquette University. A grade of C or higher must be earned in each of a student’s major courses, including the core courses introducing the major. Credit is never given twice for the same course, with the exception of different sections of variable topic courses.

Course information and details are subject to change; find full course information on CheckMarq and bulletin.marquette.edu.
