

# Campus Bus Stops

1. You now have the ability to track the buses on the routes above, using the TransLoc app. Simply find a spot on the bus route to wave down a bus.
  - a. The app will show you where the bus is and how long it will take for it to get to where you are.
  - b. You can download the app from both the app store and google play.
2. You can also call the LIMO number, tell them where you will be waiting and they will notify a bus to look out for you.
