A GLIMPSE OF STUDENT EMPLOYMENT

Student employment contributes to the comprehensive development of students by adding to the multi-faceted experiences students have at Marquette University.

Earning money to help with costs of an education is one of the many benefits students gain through campus employment. Good work habits, skills, time management, emotional maturity, personal identity and integrity are also fostered through college work experiences.

A student employee is defined as anyone employed by Marquette University whose **primary purpose for being at the University is to obtain an education.**

It is Marquette University's position that student employees work **no more than 20 hours per week** when classes are in session.

Federal Work Study (FWS):

Federal Work Study is a financial aid resource that is awarded to students who have financial need.

The award provides jobs for undergraduate students, allowing them to earn money to help pay educational expenses. Students earn FWS funds by performing part-time work for employers who qualify for the program under federal guidelines. These employers pay only a percentage of the student's wages, while the federal government pays the remaining amount.

Your Financial Aid Notification (FAN) must state Federal Work Study for you to qualify for a FWS position. FWS positions can be found in nearly every academic and administrative office on campus, as well as in the Marquette recreational facilities, libraries, and residence halls.

Marquette Student Employment (MSE):

Marquette Student Employment positions are available to any Marquette student regardless of their financial aid status. Jobs are available both on and off-campus, and many employers hire through either FWS or MSE. The Alumni Memorial Union, Facilities Services, Residence Life, and Public Safety are some of the campus employers that offer MSE positions.

COMMUNITY SERVICE JOBS

These positions focus on improving the quality of life for community residents or solving problems related to their needs. They provide wonderful opportunities to contribute to campus life and the greater Milwaukee community.

Some examples of CSFWS positions include:

- Math Tutor at Highland Community School
- Clerical Assistant at Milwaukee County D.A.
- Haggerty Museum Special Events
- Lab Assistant at BloodCenter of Wisconsin

Positions and agencies vary from year to year. Students with an interest in community service can find positions through JobConnection.

PAYMENT AND SCHEDULES

Payment:

Position wages are based on the duties and skills required, and your experience. Students are paid **every two weeks** for hours worked through university employment. Non-university employers set their own wage rates and payment schedules.

Student employment earnings are not directly credited to your student account.

You may use your earnings to pay your balance or for personal expenses related to your education. Students can set up **Direct Deposit** in CheckMarq. Log in to checkmarq.mu.edu, click on the Student Account tile and then click on Direct Deposit in the menu.

Work Schedules:

Student work schedules are based upon the employer's needs and the student's academic schedule. Students should discuss their schedule with their employers during interviews. Employers will make every attempt to accommodate students' needs but might not be able to schedule students for evening or weekend employment.
