Any of our plans may need to change based on government and medical guidelines, so we ask for your continued patience and flexibility. If future guidance requires a different action, the safety of our students, their families, our faculty and staff will be the most important factor in our decisions. Please watch for additional information this summer regarding potential social distancing practices that may need to be in place for Commencement weekend.

An email was sent to all students the week of May 18, asking them to indicate whether they plan to attend, along with their estimated number of guests, for both the Baccalaureate Mass and the Commencement ceremony, by June 30. Due to special capacity guidelines, it is imperative for us to receive a response, whether you are planning to attend or not, in order for us to plan accordingly.
