4. Core assessment implementation
 - a. The chair invited a brief discussion on alternative plans to implement core assessment in '08-'09. The committee agreed to consider such methods as assigning core assessment in courses with high concentrations of students who have earned 100 credits. Concern was also expressed about the possibilities for plagiarism on the assessment. The CCRC will have a full discussion of core assessment implementation at its next meeting.

5. The department of Foreign Languages has informed the registrar of its decision to discontinue ITAL 148 (Italian Literature in Translation) as a UCCS LPA course.

Motion: *"That the CCRC approve discontinuation of ITAL 148 as a UCCS LPA course"* (Zeps moved; Factor 2nd)

Discussion: The committee expressed a need for a clear policy on discontinuation of core courses. It is unlikely that a department choosing to withdraw a course from the core would support the continuity of the course (fulfillment of learning outcomes, assessment, etc.) were the CCRC to reject the decision. Departments should not be allowed to withdraw courses without CCRC review, however, since this would set a bad precedent.

Vote: Yes: 8; No: 1; Abstention: 1

Motion carried. Krueger will inform the registrar of the CCRC's decision
6. Adjourned at 4.15 PM to enable committee members to attend Fr. Wild's town hall meeting
