**Marquette University's**

## **CENTRAL SERVICE CENTER**

### **Open for Business June 2022**

The newly opened Central Service Center (CSC) will provide several services from across campus. The Marquette community and beyond is welcome to engage in these services. Below are our current services, with more services being offered in the future.

### SERVICES

#### ***M-Teams***

Leveraging the talent of our students, the M-Teams service is a program that brings together multi-disciplinary students from across campus to work on projects from corporate and community partners under the direction of faculty “coaches”. By convening students from across various disciplines on campus, M-Teams truly provides a unique opportunity to address complex issues and opportunities and immerse our students in a project-based learning environment reflective of the multidisciplinary landscape of business and industry.

#### M-Teams Specifics:

Student teams are multidisciplinary with 4-5 students on a M-Team

Corporate / Organizational sponsors take an active role in the M-Team experience and are an important part of the overall team. Sponsors are expected to meet (in person or virtually) with the students on a weekly basis to provide feedback and oversee direction of the project.

Each M-team also has a faculty “coach”. These faculty members help act as a resource to the students but do not contribute any of their own intellectual property to the project.

M-Teams logistics and contracting are coordinated in partnership between the CSC and Innovation Alley.

#### Cost

\$30,000 - \$40,000 which includes:

4-5 undergraduate students, one graduate student, a faculty “coach” and supplies.

Also includes Marquette University's overhead cost.

## ***Customized Italian Courses for Business***

This program is developed specifically for corporate partners and their educational needs focused in the Italian language and culture. Half of the class time can be devoted to the teaching of the Italian language and the other half teaching of Italian culture, both general and business oriented. This program will consist of 18 virtual classes, with approximately 15 participants per organization. Delivery dates and times will be determined upon agreement between the University and the Organization.

### Italian Course Specifics

The program will be delivered virtually to no less than 7 participants.

The program will be delivered virtually on an agreed upon video-conferencing platform.

### Cost

Approximately \$12,500 per program with no more than 15 participants

Also includes Marquette University's overhead cost.

## ***Optimizing Dental Instrumentation***

Our skilled staff can provide customized work optimizing dental instrumentation, in particular implant surgery systems.

### Cost

Approximately \$5000 per study and may vary based on amount of work required.

Also includes Marquette University's overhead cost.
