Admissions

Each year, we invest in 100 students — 50 in-state and 50 out-of-state — with the spirit, discipline and passion to succeed in our program. In addition to academic achievement, we consider the following characteristics:

- Quality of college/university attended
- Course selection rigor
- Trend of performance (GPA)
- DAT score (Canadian DAT accepted)
- Orientation to the profession
- Motivation and values
- Extracurricular/leadership/service background
- Personal interview

Pre-Dental Requirements

College studies should be completed at a four-year accredited college or university. The minimum entrance requirement is 90 semester credits* of liberal arts study, including:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>6</td>
</tr>
<tr>
<td>General Chemistry</td>
<td>8</td>
</tr>

All science courses, with the exception of biochemistry, must include laboratory instruction. Suggested pre-dental science electives include anatomy, cell biology, genetics, microbiology and physiology. Math courses are suggested in preparation for physics and advanced chemistry.

*You may apply after completing at least 60 semester hours of the minimum 90 semester hours required of pre-dental college work. (Candidates with baccalaureate degrees earned before dental school enrollment may be most competitive.)
