Diederich College of Communication  
Diversifying our Curriculum Reference list  
Summer, 2020

This reading reference list is intended to be a starting resource for you as you work to expand your own knowledge and understanding of BIPOC experiences, race and racism. There are also readings/resources that you are strongly encouraged to use in the classroom.

This list is by no means exhaustive. It draws upon a wide variety of sources including from within our own university (including the library and the Educational Policy and Leadership Program) and professional communication organizations. Again, this is not meant to be definitive or complete, just a starting point.
